### **Remarque:**

Seldom one can have the chance to charter such a nice yacht!!! "SECRET LIFE" is the third largest Classic Canoe stern FEADSHIP ever built after "VIRGINIAN" and "LADY BEATRICE".

She was originally commissioned by an experienced yachtsman, who was assisted in the building process by his Captain, who incidentally later became Mr FEADSHIP America, and the word during her construction was "the best, the best only the best"! She is a member of the FEADSHIP heritage fleet, and probably the most elegant one.

During her life she only had four owners, and for such a capable vessel very little use in terms of miles at sea. Nevertheless she has been continuously maintained fully in class with ABS and has now, under her British flag, obtained LY 2 certificate from M.C.A. 2015, she passed her 5 years ABS special survey with flying colors.

"Secret Life" is for the past 15 years a very successful charter yacht in the Med.

Hull and partial superstructure were painted June 2014, and hull is in the process to be painted again for 2017season.

She received several refits in the past 15 years to maintain and modernize her in many aspects but retaining her fabulous classic look and feel.
